

Into The Wind  
Ramshackle Glory

Dm F G  
Scream it into the wind  
Dm F G  
I swear this is not where I end  
Bb C Dm  
You can claw your way up or just dig your way down  
G Dm G  
Down, down

Dm F G  
Fear the dust, fear the heat  
Dm F  
This is where it went down  
G  
Feel the ghosts drag your feet  
Bb C Dm  
Where the dogs and the train and your past all converge into flight

G Dm Bb F G  
Oh, they carry us, terrified, into the night  
Bb C  
I will drink too much coffee and hold my fears tight  
Dm G Dm G  
If they re gone, then hell, who am I?

Dm F G  
Write it down, burn it up  
Dm F G  
If the past is a minefield how do we look up  
Bb  
Just enough  
C  
Just to try  
Dm  
to learn trust?
