[Verse 1]

C# Ebm
This car is a war machine that runs on nicotine and gasoline.
F# G#
Donâ€™t you fucking know this is the wrong side of the road?
C# G# Bbm F#
Who needs brakes when itâ€™s all down hill from here?
F F# G#
And if we ainâ€™t died yet, then just maybe we never will.

[Chorus]

C# E F# A B
But i donâ€™t wanna burn out, so wonâ€™t you please set me on fire again?
C# E F# A B
I woke up afraid of losing everything; thank god that I already have.
C# E F# A B
So if you love me then listen: mind your own fucking business!
C# E F# A B
If you love me enough to stay, then please love me enough to stay away.

[Pre-Verse]

C# C# F# B x3

G# G# G# F#

[Verse 2]

C# Ebm F#
I swear on my last cigarette that Iâ€™d love you my darling.
G#
Iâ€™d love you if I could.
C# Ebm F#
But since the day I was born, itâ€™s been too late for me to be
G#

Anything but what I am tonight.

C# **G#** **Bbm** **F#**
And what I am is drunk, and what I am is mean, in your passenger seat.
F **F#**
Seat belts are for people who have time to die;
G#
Hell, I donâ€™t even have time to sleep.

[Chorus]

C# **E** **F#** **A** **B**
Because I donâ€™t wanna miss a moment of loathing everything that I see.
C# **E** **F#** **A** **B**
I stay up nights afraid of everything, till all thatâ€™s left is the shadows and
me.
C# **E** **F#** **A** **B**
Ask me from sunrise to sunset: no, I ainâ€™t left the house yet.
C# **E** **F#** **A B**
I finally love you enough to stay, enough to stay away.

[Verse 3]

C# F F# G#
Aw, shit, I wish I had a job to quit.
C# F F# G#
I wish I had a boss that I could tell to fuck off.
C# F F# G#
Give me the satisfaction of a dramatic exit, and not just
C# F F# G#
A long car ride and a short goodbye in a parking lot.

[Outro]
