**Rancid**

1998 from the rancid album Life wont wait.

Its a quite easy punk song to play and a fun too. Im not sure about the G-Bb thing so you might have to fiddle about with it, but the rest of it\ s right, I think!!!

D bend strings (bass) D and G on the 7th fret. G

the lyrics are imposible to work out so I\ ve just put the chords in.

VERSE

**D// C// Bb// G// 4x**

**G// Bb//**

**D// C// Bb// G// 4x**

**G// Bb//**

CHORUS

**D// C// G// A// x2**

Played twice untill guitar solo.

SOLO

same chords as verse.

If this is a terrible guide through, Im sorry.

Alex.
