(2x)

```
D  A      A#      G
Disfigured and oblique
D      A      A#      G
From the appetite that I seek
D      A      A#      G
I m a hungry cannibal
D      A      A#      G
I m a rabid animal
My remains are being scattered
I ve been bludgeoned, I m in pain
Stomach pains are coming
And they strike with demon speed
```

[Chorus]

```
D
Dead bodies everywhere
A
Piles of blood, entrails and hair
A#      G
I m bleeding from the inside
D
From the armageddon outside
```

Reaccuring rotting dreams
From this place the demons speak
My skin exfoliates
My patience terminates
Unfold to unholy urges
Unearthed with urgency
The holocaust was nothing
Compared to my lividity

[Chorus]

In this oblong box that s eating you
There s nothing you can do

[Chorus]

A# G D D E F
Dead Bodies!

A# G D D E F
Dead Bodies!

A# G D D E F
Dead Bodies!

A# G D

See ya in the pit.....
