Well, Gramma stands on the very same land  
on the old house up on the hill.  
You can see the San Francisco Bay,  
Alcatraz, Albany over the Landfill.  
And we ll reminisce on the front porch  
under a yellow light.

CHORUS

SOLO: Bm----F#----G----D--A-- (2X)

VERSE:

Earthquakes shake,  
and fires take from this  
view I ve seen it all.  
I ve tasted smoke as the hills burned.  
I heard the freeway fall.  
When there s nothin to say,  
just look into the bay.  
You know some things,  
they just feel right.

CHORUS

END:Play the chorus chords once again. End on D .
