

Runnin Outta Moonlight
Randy Houser

Hey guys, first tab and i figured it out by ear, may not be 100% but i think that playing it with the song, sounds good!

For the whole song, alternate between:

G D Am D

I tend to use the strumming pattern:

one, two hold...one two hold...

Don t you worry bout gettin fixed up
When you wake up, you re pretty enough
Look out your window at the cloud of dust
That s my headlights, that s my truck

Come on baby, don t you keep me waitin
I gotta go, I ve got a reservation
Tailgate for two underneath the stars
Kiss on your lips when you re in my arms

Whoa
Girl, every now and then you get a night like this
Whoa
This is one that we don t wanna miss, no

Come on baby let me take you on a night ride
Windows down, sittin on my side
Tick tock now we re knocking on midnight
Me and you girl runnin outta moonlight
I wanna hold you till the break of dawn
Hear the crickets sing a riverside love song
Hey baby, all we got is all night
Come on now we re runnin outta moonlight

Girl I bet you thought I lost my mind
Outta the blue pulling into your drive
Wonder why I got you way out here
Have you ever seen a sky this clear

Whoa
Girl, you never look better than you do right now
Whoa
Oh heaven, let your light shine down

Come on baby let me take you on a night ride

Windows down, sittin on my side
Tick tock now we re knocking on midnight
Me and you girl runnin outta moonlight
I wanna hold you till the break of dawn
Hear the crickets sing a riverside love song
Hey baby, all we got is all night
Come on now we re runnin outta moonlight

Whoa
Girl, every now and then you get a night like this
Whoa
This is one that we don t wanna miss, no

Come on baby let me take you on a night ride
Windows down, sittin on my side
Tick tock now we re knocking on midnight
Me and you girl runnin outta moonlight
I wanna hold you till the break of dawn
Hear the crickets sing a riverside love song
Hey baby, all we got is all night
Come on now we re runnin outta moonlight

Hey baby don t it feel so right
Come on now we re runnin outta moonlight
All I wanna do is hold you tight
Come on, come on, come on we re runnin outta moonlight

Whoa
Yea we re runnin outta moonlight
Whoa
