[Chorus]

I m gonna light one up

Em

And sit right here

I m gonna drink this hole

In the wall outta beer

D

And when that ice cold beer

Em

Loses its buzz

G

I m gonna let that

D

Whiskey do what whiskey does

Maybe it ll put my fist through the wall

A

Make me pick up the phone

A

And give you a call

Maybe it ll take me somewhere I never been

Make the world stand still or make the whole world spin

Maybe make me dance make me cry

A

Hell I don t know

A

But I know tonight

I m gonna light one up

Em

And sit right here

G

I m gonna let that

D

Whiskey do what whiskey does

[Verse]

D

Maybe it will buy this bar a round

Bm

Or turn my ass upside down

G

Maybe it ll make me a fly on the wall

A

Or stand me up

A

Ten feet tall

[Verse]

D

Maybe it ll take me to a better place

Bm

And put a smile back on my face

G

Maybe it ll make me hate myself

A

Or fall in love

A

With somebody else

[Chorus]

D

I m gonna light one up

Em

And sit right here

G

I m gonna drink this hole

D

In the wall outta beer

D

And when that ice cold beer
