It ain t gonna do my heart any good to know that you were out with him again
last night

D Daug Bm D7
Girl I don t need a visual of his two arms wrapped around you tight

What s that gonna prove, we both know that I m your fool

So tell me something new, a lie that I can buy into, just don t tell me the
truth

Just this one time dance all around the point you re trying to get across
Take my word, I don t need to be reminded, when it comes to you I ve already
lost

Chorus

Bridge:

G A D D7
It s no front page news we re over, we have been for some time
Em A Bm A
Does it make you feel better to drive me out of my mind
