

Lonely Too Long
Randy Rogers Band

G **Cadd9/G**
The only thing she left was a tear stained letter

G
Said its too late to try and make things better

EM
Guess she s good as gone

Cadd9
I left her lonely too long

She kept on waiting for me to change
Any kind of fool could have found a way
To say i did you wrong
I left her lonely too long

Am **C** **G**
And i should ve saw it coming from a mile away

Am **C** **G**
I was just in time to watch her taillights fade

Am **C** **G** **G/F** **Em**
Give anything if she would turn that car around

Em
And just come back home

Cadd9
But its sure looking like she wont

G
Cuz i left her lonely too long

Cadd9
I left her lonely too long

Should ve thought about her instead of myself
Put her love first before anything else cuz
That s where she belongs
I left her lonely too long

Chorus
