Speak Of The Devil
Randy Rogers Band
Capo on the 5th fret
Verse 1
                          Am
God I hate this little town
                                               Am
It s like you fall in love and you can t get out
Cus when I think I ve set you down
Somebody opens up their mouth
Chorus
G
                             D
Speak of the devil here I go again
               C/B
Right back there and what could of been
                          D
Say your name like your just some friend
Asking if I ve heard from you
And I just smile as Im fallin apart
              C/B
Got a real good memory and a hair trigger heart
                                                 Am
one little spark and I m goin through hell again
Speak of the devil
Speak of the devil
Verse 2
                                   Am
I know you didn t mean to hurt me like this
Didn t mean you d kill me with a goodbye kiss
                                                  Am
It s like they didn t even play this song on the radio, can t believe it just
came on
I was trying to catch up with a few old friends, and there it is
Repeat Chorus
Verse 3
```

I came in here to drink

G Am

Drown you out, watch you sink

G Am

To do anything but think
