Superman  
By Randy Rogers

Capo 3

**C** **F**  
We sat and talked last night like it had been a year  
**C** **G**  
The whole time I wondered if you were really here  
**C** **F**  
Things left unsaid could have filled a book  
**C** **G** ss  
It s funny how you capture me with just one little look||

Chorus:

**F** **G** **C**  
I just want to be your superman  
**F** **G** **C**  
and save you everyday  
**F** **G** **C** **C/B** **Am**  
But I can t be too familiar anymore  
**F** **G** **C**  
I guess it s time for me to walk away

It was late in the evening when you stopped by  
I could tell you had changed by the look in your eyes  
I tried so hard to say the right thing  
So if I m losing you, there is only me to blame

Chorus

Bridge:

**F** **C**  
But I know you ll be a shining star  
**F** **C**  
In someone else s sky  
**Am** **F** **G**  
And I ll remember all the times I held on to you and kept the dream alive

Chorus
