Good Intentions - Randy Travis/Marvin Coe

**C# F# C# G#**

**C#                    C#7                    F#                    C#**  
Mama always prayed that I d be a better man than daddy  
**C#7                    G#**  
and I determined not to let her down  
**C#                    C#7                    F#                    C#**  
Deserted by the man she loved and left to raise four children  
**G#7                    C#**  
we were the local gossip of the town.

**C#                    C#7                    F#                    C#**  
I promised her that I d live right and not be like the others  
**C#7                    G#**  
but I wound up in jail on Christmas day  
**C#                    C#7                    F#                    C#**  
I told her I d be home and not to worry    bout my brothers  
**G#7                    C#**  
when I got home my mom had passed away

(chorus)

**C#**            **C#7**            **F#**                            **C#**  
 And I hear tell the road to hell is paved with good intentions  
**C#7**                                                            **G#**  
 and mama my intentions were the best  
**C#**                            **C#7**            **F#**                            **C#**  
 There s lotsa things in my life I just as soon not mention  
**C#7**                                                                                    **G#**  
 Looks like I ve turned out like all the rest  
**F#**                            **G#7**                                                    **C#**  
 But mama my intentions were the best

**C#**                                                    **C#7**                                                    **F#**                                                    **C#**  
 A little boy with big blue eyes a-beggin to go fishing  
**C#7**                                                                                    **G#**  
 I promised him but never took the time  
**C#**                                                    **C#7**                                                    **F#**                                                    **C#**  
 Now they won t let me see him and I sit here a-wishing  
**G#7**                                                                                    **C#**  
 Wishin I could hold him one more time

(repeat chorus)

**F#**                            **G#7**                                                    **C#**  
 But mama my intentions were the best
