The name above of me

Above death and a grave

Shadows my chains

The same name that will come and do

The same again for you

It is the only name thatâ€™s gonna pull you through

Chorus 1 (2x)

Cause he said Heâ€™ll never leave us or forsake us

And thatâ€™s the only word

You need to hold to and youâ€™ll never be lonely homey

I know it ainâ€™t the only person out there hurting

Who s flirted with the fact of ending it all

But been averted and I know so many there who have had it  
Much harder  
Got no food in there bellies  
No mothers or fathers  
So many Questions out there that need answers to but even if it  
Comes down to the final hour  
Man he ll still come through

Chorus 1 (3x)

Your above every name
