

If they get me in touch with the Earth,  
Make me give thanks for what life is worth,  
Two-Hundred trees, sweet trees blowing in the breeze,  
When I look out to my yards and fields,  
That s how I feel, it s so real,  
So good I feel, gaze out from my window seat, keeping what I sow,  
To the  
Two-Hundred Cali trees there blowing in the breeze,  
Ganja in my meditation, Ganja in my brain,  
Marijuana take away my stress and pain,  
Ganja in my meditation, Ganja in my brain,  
Ganja take away my stress and me pain,  
Ganja is the medication, Ganja is the cure,  
Police have been fighting Marijuana for sure,  
Purify my heavens and make my thoughts pure,  
Hundred way  
Ganja in me daily, Ganja in my clothes,  
No offence I m smokin Marijuana around you,  
Ganja is the currency, Ganja daily bread,  
Give me  
Ganja for the living and it not for the dead,  
Couple sniff of Cali before me go to bed,  
Make me shake up me  
Ganja is my currency, Ganja daily bread,  
Give me the Marijuana let it get to my head,  
Ganja is my meditation, Ganja in my brain,  
Marijuana take away my stress and pain,  
Ganja is the medication, Ganja is the cure,  
Police fighting Marijuana for sure,  
Jamaica s love spreads calling Ganja,  
America s people smoke Ganja in the car,  
I m not gonna stop smoking my herbs, If they get me in touch with the Earth,
