

Aftermath

Rascal Flatts

A **E/G#**

The way you turned your head

F#m

And all the words you said

D

The way they left your lips they left me

A **E/G#**

Frozen in my tracks

F#m

Now you can't take them back

D

No it's too late for that, now I feel

A

The aftermath of

E

A fragile, cracked love

F#m

D

That all but fell apart

A

Like gravel to skin

E

The hurt has set in

F#m

D

And all that's left of my heart

A

Are pieces and parts

A **E/G#**

How was I to know

F#m

Like a hammer to my soul

D

You would break me down so easily

A **E/G#**

Now baby here I am

F#m

Left with half of could have been

D

Can't help wondering if you feel

A

The aftermath of

E

A fragile, cracked love

F#m

D

That all but fell apart

A

Like gravel to skin

E

The hurt has set in

F#m

D

And all that s left of my heart

A

Are pieces and parts
