

Let It Hurt  
Rascal Flatts

Intro: **G#m E B F# G#m E B** x2

**F#**  
7:42 in the morning  
**F# B**  
8 seconds before it all sinks in  
**F#**  
Put your best face on for the world  
**F# B**  
Fake another smile and just pretend  
**Ebm E**  
But you re just puttin off the pain  
**Ebm E**  
Nothing s ever really gonna change

[Chorus:]

**G#m E**  
So let it hurt, let it bleed  
**B F#**  
Let it take you right down to your knees  
**G#m E**  
Let it burn to the worst degree  
**B F#**  
May not be what you want, but it s what you need  
**E F#**  
Sometimes the only way around it  
**B F# E** (let it ring)  
Is to let love do it s work  
**G#m E B F#**  
And let it hurt  
**G#m E B F#**  
Yeah, let it hurt

3:28 in the morning  
Countin up the spaces between the rain  
You re gettin used to the rocks at the bottom  
Your heart goes numb, but the lonely stays the same  
And that s the price you re bound to pay

**Ebm E F#**  
And there s really nothing anyone can say  
**E F#**  
Oh, there s only just one way

[Chorus:]

So let it hurt, let it bleed  
Let it take you right down to your knees  
Let it burn to the worst degree  
May not be what you want, but it s what you need  
Sometimes the only way around it  
Is to let love do it s work
