                                         C C/B F F/A G
Each mornin the sun shines through my window
                                G F/A F C/B C
Lands on the face of a dream come true
                                 C C/B F F/A G
I shuffle to the kitchen for my coffee
                               G F/A F C/B C
And catch up on the front page mornin news
       Am
Then she walks up behind me
               F
And throws her arms around my neck
  Am
Just another moment that
  G
I come to expect

(VERSE 2)
                                        C C/B F F/A G
Every afternoon I make a phone call
                                         G F/A F C/B C
Listen to the voice that warms my heart
                                       C C/B F F/A G
I drag myself through a few more hours
                                        G F/A F C/B C
Then head on home to try and beat the dark
     Am
Her smile will be right there
       F
When I step through that door
   Am
And it ll be that way tomorrow
                        G
Just like everyday before
