Eastbound Train

Capo 3

C-D (whole song) listen for strum pattern

Verse

You thought that you could leave me on the ground
Never thought twice to turn around
Look the other way and youâ€™ll be sorry
Looking for a reason way out
But youâ€™re committing treason right now
Baby, turn your head and Iâ€™ll be gone for good

Chorus

When Iâ€™m on an eastbound train going
Far, far away
Time, it wonâ€™t be wasted again
And I run from everything and a
White horse has lost its meaning
When I run away, when I run away
On an eastbound train

Verse

Maybe I can focus my eyes
On a pretty cloudless sunrise
But maybe if itâ€™s cold, ill just stay right here
Iâ€™ve snuck out a bathroom window
And didnâ€™t make a sound long ago
In the middle of the night with a withdrawal mind

Chorus

When Iâ€™m on an eastbound train going
Far, far away
Time, it wonâ€™t be wasted again
And I run from everything and a
White horse has lost its meaning
When I run away, when I run away
On an eastbound train
