Raul Seixas
(intro) G A7 C G D
                              A7
 Sunday is sunday, church and rest
the sky is blue
    C
The papers bloody news, flags
    awaving
     G
On the streets
And far behind the proud and
   A7
    sad avenue
All seems fine with the world
Ants ride their fancy cars and
             G
     feel complete
                          A7
And from the windows of a seedy
   boarding-house
I, being one of God s vector, try
    hard to make
A king out of a louse!
