

At The Foot Of The Cross
Ray Boltz

G **Em**
They were watching from a distance
C
And they could not
D7
Take their eyes from You
G
You were bleeding
Em
They were weeping
C **D7**
Faithful sisters, they had followed you
Em
They did not understand
D
They could not see
C **A7**
They were mourning their loss
C
As the sky turned black
Bm7
And the Earth turned red
C **G**
At the foot of the cross

He was standing near your mother
They were so close
They could hear you sighing
All around them angry voices
Pierced the darkness
And you were dying
But they would not leave
They lingered there
No matter the cost
They were staying
And they were praying
At the foot of the cross

CHORUS:

Am7
Keep me near the cross
Em7
Near the cross
Am7 **G**
May I never stray so far
C

That I cannot see

D

What flowed down for me

Am7 **G**

At the foot of the cross

Now Im standing in your presence

And I cannot take my eyes from you

You have risen Im forgiven

Precious Saviour, oh I worship you

No Im not looking back

Ive heard your voice

And Im staying here

Ive made my choice

For now its real, now I kneel

At the foot of the cross
