[Legacy:]

Know we been together for a minute,

But **A**

It s kinda been forever since we been in,
The kinda situation not involving other women
And it s pretty obvious that your kinda tripping,
Like who the hell is this bitch,
Lookin a hot mess,
What you fell for this chick?
You know we got problems
and you failed to fix it,
I m like, you need to go
somewhere else with this shit,
Cause I ain t gon put up with you,
Talkin bout how it s shitty and you uncomfortable,
Like
I mean shit I m on 17 and a perfect couples only in a dream,
And right now I m pretty much away for this relationship?,
I think we should wait for it,
I mean later we could try things out but not right now,

She ain t gon tie me down
While your by the road
you can buy all the shirts
and the hats and the clothes
that you want right now
want up right now
I think you need to close your mouth
Cause you ain t gon tie me down
Tie me down
Tie me down
You ain t gonna tie me down.

[Ben J:]

Ha ha,
Hey girl what up?
No I m not going make a scene,
But you can t tie me down
like a pair of shoe strings,
Yea you cute. so what?,
But let s get it through your head,
Yea we make love, sex, we all in the bed,
It s the best thing I love about you,
But things don t change,
When I m not faithful,
You be feelin all pity,
Now you stuck like a stain and I can t believe that,
Baby girl want hundreds I ain t tryna do that,
There s too much girls and I ain t lettin go,
Cause my life is great,
And you ain t nnothing but a hoe,
Yea you come to my shows and your very supportive,
Just show me a camera of my show recorded,
It was nice,
I m suprised

But your still standing here,
Aye you know I m a man,
And I have no fears,
I m a start it from the top,
Girl this ain t no lovin,
I m a new boy girl sooo,

She ain t gon tie me down
While your by the road
you can buy all the shirts
and the hats and the clothes
that you want right now
want up right now
I think you need to close your mouth
Cause you ain t gon tie me down
Tie me down
Tie me down
You ain t gonna tie me down. (x2)
