

**Beg Steal Borrow**

**Ray LaMontagne**

Don't know how accurate this is...this sounds O.K. to me....  
The key is in the vocal inflections...

Capo 3 (I think Ray does it Capo 4)

[Verse 1]

**A**

So your home town's bringing you down

**G D A**

Are ya drowing in the small talk and the chatter

**A**

Or you gonna step into line like your daddy done

**G D A**

Punching the time and climbing life's long ladder

**A**

You've been howling at the moon like a slack jaw fool

**G D A**

And breaking every rule they can throw on

**A**

But one of these days it's gonna be right soon

**G D A**

You'll find your legs and go and you'll stay gone

[Chorus]

**Em G D A**

Young man full of big plans and thinking about tomorrow

**Em G**

Young man going to make a stand

**D A**

You beg, steal you borrow

**Em A**

Ya beg ya steal ya borrow

[Verse 2]

**A**

Well all the friends that you knew in school

**G D A**

They used to be so cool and they just bore you

**A**

Well look at them now, already pulling the plow

You beg you steal you borrow
