Play It Again
Ray Thomas

Play It Again   (Ray Thomas)

C
 Let s play our song again, make me remember when

F   G   C
 We both chased our rainbows through the rain

    F   G   C
 Our lives belong within this song, that s something we cannot change

     F   G   F   G
 So whatever you do and wherever you go, the memories will always remain

      C   F   G   C
 Play it again, oh play it again, for me, it may be for the last time

F   G   C
 Please play it again, just for me, it may be for the last time

C
 Love s a simple melody, two souls in harmony

F   G   C
 Never seem to cast a shadow in the sun

    F   G   C
 Our days were filled with laughter, while our nights were filled with love

     F   G   F   G
 Sweet river flow, make my head feel high, when I hear that haunting refrain

      C   F   G   C
 Play it again, oh play it again, for me, it may be for the last time

F   G   C
 Please play it again, for me, for the last time

    F   G
 If happiness lies between your tears and my sighs

     F   Eb

Angry words won t ring true, remember times we once knew

```
     F7                      C#              C
We lay in sun, joined together as one, in love

    F                            G
When the song s over, we ll just say goodbye

           F                    Eb
There ll be no-one left singing, no-one to cry

       F7              C#             C
I ll just be a solo man

   F  /  G  /  F  /  Eb  /  F7  /  C#  /  /  /  C  /  /  /

  C
 Let s play our song again, make me remember when

 F              G                       C
 We both chased our rainbows through the rain

       F         G           C
 Our lives belong within this song, and that s something we cannot change

        F                G              F                   G
 So whatever you do and wherever you go, the memory will always remain

          C    F          G              C
 Play it again, oh play it again, just for me, it may be for the last time

 F        G                      C
 Please play it again, just for me, it may be for the last time
```
