You don t know me, baby, but I ve seen you around.
Cadd9
It might be kind of crazy, but I m just new in town.
G
And now I wonder what you d think if I said, hey look
Dsus2
I d like to get your number and a link to your Facebook.
Em7
Now if I tell you what a nice guy s supposed to
Cadd9
Would that compel you not to scream when I approach you?
G
You ll have to promise me you ll take this news calmly,
Dsus2
But honestly, I m sort of a zombie.

Em7
I knew you d be surprised. You can bet that I
Cadd9
May not be alive, but I sure as hell ain t dead inside.
G
What s with the shotty? I ain t wishing you harm.
Dsus2
You see, I d try to hold your hand but I m missing an arm.
Em7
Brains are all I ve eaten all week it s true,
Cadd9
But if my heart were still beating, it would beat for you.
G
So let me take you to Wendy s. You deserve it.
Dsus2
Yeah, I m a zombie, baby. Ain t nobody perfect.

Em7
I ll chase you through the yard and all through the house into the dark.
G
I wanna steal your heart and eat your brains.

Cadd9

I ve never been so true, but if my heart were still beating, it would beat for you.

G **Dsus2**
I wanna steal your heart and eat your brains.

Em7
Baby, sometimes I bite, and you can bet
Cadd9
That I ve got an appetite for human flesh.

G
I ll always be near though. You ll have to accept that
Dsus2
When I nibble on your earlobe you might get infected.

Em7
Cause I fell in love with you and I m
Cadd9
Undead but you make me feel alive.

G
And when I chase you through the graveyard
Dsus2
It feels like foreplay.

Em7
If I m lying I m dying, and I speak truely
Cadd9
When I say I love your mind. I ll take brains over beauty.

G
We ll be the undead Dagwood and Blondie
Dsus2
When I teach you how to zombie, teach you, teach you how to zombie.

Em7
And everybody will love you, and you can sing along
Cadd9
to this post-apocalyptic, post-mordem love song.

G
So give me a chance,girl. You know I ll be worth it.
Dsus2
Yeah, I m a zombie, baby. Ain t nobody perfect.

Em7 **Cadd9**
I ll chase you through the yard and all through the house into the dark.

G **Dsus2**
I wanna steal your heart and eat your brains.

Em7 **Cadd9**
I ve never been so true, but if my heart were still beating, it would beat for you.

G **Dsus2**
I wanna steal your heart and eat your brains.

Em7 Cadd9 G Dsus2
Brains. Brains. Brains. Brains.
Brains. Brains.
