Just to lean my way

D D/C# Bm* A x2
And fall, fall, fall

(**Bm A G**) same as above

She d scolded me for my sinful and wicked ways
Towered above me, do you follow?
And watched with concealed pleasures
I ve ripped out my heart and said
I m just bad, I can t help it
But I tr-tr-t-try to be good

(**Em A** x2, **D D/C# Bm* A** x4, **G A**, **D D/C# Bm* A** x4) same as above

Trees without leaves and notes that don t ring
Wine left to rot and a voice that can t sing

And a light that just won t shine in the darkness
Could I be any clearer?

Could I speak any plainer, I need you here!
Just to lean my way
And fall, fall, fall

G A

Because people make you lonely
People make you lonely sometimes

CHORDS USED

The only ones that aren't standard are the D/C# and sometimes the Bm
The D/C# is actually Dsus2/C# but I didn't want to write that out every time.

	D/C#	Bm*
e	----	0-----0-----
B	----	3-----3-----
G	----	2-----4-----
D	----	x-----4-----
A	----	4-----2-----
E	----	x-----

Sorry I couldn't be bothered to write every line out but the second half
is all the same as the first half just with that one extra line at the end.

Enjoy.
