Verse 1

F#m **A**
I`ve got a flaming road of karma and a mobile phone
B **F#m**
I was raised by the radio in a broken home,
F#m **A**
I`ve got a broken smile and an arrogant line
B **C#**
I`m really no-one special but I`m in my prime.

Chorus

F#m **Bm**
I`ve got a hardbody girlfriend
A **B**
I`ve got a wallet full of cash,
F#m **Bm**
You can bury my body
C#
I`m just North London Trash

Verse 2

I`ve got a flaming road of karma and I`ll do it alone
I grew up with the TV in a broken home,
I`ve got match of the day, black converse
I`m really no-one special, but I`ve seen you do much worse.

Chorus

I`ve got a hardbody girlfriend
She helps me spend my cash,
Then we roll on my floorboards
Like nouveau North London Trash
F#m **A**
If you dont` t unblock this rifle it`ll blow
B **C#**
Ive seen shit like you come and go Im North London Trash, Im North London Trash,
Im North London Trash
F#m **A** **B** **C#**

Yeah.....

Verse 3

Ive got pandemonium in my blood, Im a fever pitch
I could marry her for the money but she`s known to be a drag
On my Collateral and my arrogant streak,
I`m really no-one special but I`m here in my prime and my peak

Chorus

My hardboby girlfriend
She makes the cameras flash
You can pin up our bodies
But you can`t kill
North London Trash

Bridge

And you ain`t bad looking son, she just ain`t looking for you
You`ve shown a lot of fight, but this ain`t your night, or even your year
You ain`t bad looking now,
Watch where you`re looking now
Is anybody looking now?

Might no be the best tab, but it sounds good when you play it this way..
