

Wire To Wire
Razorlight

The tuning is standard EADGBE

[Chords]

Dm **C** **G** (repeated throughout)

[Verse]

What is love but the strangest of feelings?
A sin you swallow for the rest of your life?
Youâ€™ve been looking for someone to believe in
To love you, until your eyes run dry

[Chorus]

She lives on disillusion road
We go where the wild blood flows
On our bodies we share the same scar
Love me, wherever you are

[Verse 2]

How do you love with fate full of rust?
How do you turn what the savage take?
Youâ€™ve been looking for someone you can trust
Who will love you, again and again
How do you love in a house without feelings?
How do you turn what that savage take?
Iâ€™ve been looking for someone to believe in
Love me, again and again

[Chorus 2]

She lives by disillusion close
We go where the wild blood flows
On our bodies, we share the same scar

[Verse 3]

How do you love on a night without feelings?
She says â€œlove, I hear sound, I see furyâ€•
She says â€œloveâ€™s not a hostile conditionâ€•
Love me, wherever you are
Love me, wherever you are
Love me, wherever you are
Wherever you are
