**Rea Garvey**

Intro:

**H G#m E F#m**

**H**

What words should we use

**G#m**

To say how we feel

**E**

We're both afraid to lose

**F#m**

Something real

**H**

So just hold me now

Don't look for words

**G#m**

Just hold me now

I am sure it won't hurt

**E**

More than these feelings

Crashing around me

**H**

More than the thought

**F#**

That you're gone

Refrain Wiederholung:

**G#m**

So just hold me now

I'm lost on this silent

**F#**

Just hold me now

We're swimming in silence

**E**

Why are there feelings?

And what am I trying to hide?

**H**

The mirror never lies
