Reamonn - Aeroplane

Tabbed by Robin

Intro: **E B E B**

Verse:

E **B**
I saw your name in a telephone book
E **B** **E**
As someone unlisted someone unknown
B
I guess you want to disappear
E
To another world
B **E**
Where you re left on your own

And I know we could close our eyes
And fool ourselves
With nowhere left to hide
I thought that giving up
Would be easier
But it s harder not to try

Prechorus:

C#m **G#m** **A**
Cause in your heart is a hurt that s growing
C#m
You re like a window to my world
G#m **A**
Where no begin is where you are

Chorus:

E
I love you like an aeroplane
G#m
That s taking me home again
F#m
I m standing here in line

Cause some love just takes time

E

I love you like an aeroplane

G#m

That s bringing me home again

F#m

If you re searching for the truth

E B E B

It s in the feelings I have for you

E B E B

It s in the feelings I have for you

Verse:

They say

Some things are forever and

Some things they only last a day

It it s not getting better

If it s difficult

Doesn t mean you turn away

I know you live your life

Like a melody

A song that wants to grow

I thought that giving up

Would be easier

But it s harder letting go

Prechorus

Chorus:

I love you like an aeroplane

That s taking me home again

I m standing here in line

Cause some love just takes time

I love you like an aeroplane

That s taking me home again

If you re searching for the truth
