

Serenade Me
Reamonn

Play the Chords all the way through ;)

Ver:

G

Through walls you'd walk to serenade me

Through all this talk you know you made it

C

I'm washed up here now

Left here on my own

F

C

G

These days these days they go on forever

Sweet little child don't be afraid

Your daddy still loves you though he can't stay

It's not easy being on your own

Oh I know you'll find your way

Oh I know you'll find your way

Sweet little child don't cry

Your daddy still loves you though he can't stay

It's not easy growing up on your own

Oh I know you'll find your way

Oh I know you'll find your way

Chorus:

I don't believe in all the words they tell us

I don't believe that there is no one left to help us

I don't believe it no I believe in you

And you'll find your way

You'll find your way

You'll find your way I know

You'll find your way

Ver:

You'll find your way

Through the hard times

When you climbing up the walls

Through the heartbreak

Cause he never wants to call

Through the heartache

You ll find your way

You ll find your way

You ll find your way

I know you ll find your way

Sweet little child

Sweet little child

My sweet little child

You ll find your way

You ll find your way

I know you ll find your way

You ll find your way

My sweet child you ll find your way
