

Serpentine
Reamonn

Capo on 4th

only **D - C - G - G** over the whole song

D **C**
Lost on a road going nowhere
G
Trying to take on the world
D **C**
Searching for some one who understands
G
Sweet girl, sweet girl
D **C**
Walking through fields of fire
G
Hopelessly reaching for the skies
D **C**
Watching the flames growing higher
G
Tonight

Ref:

G **D** **C**
And she danced like serpentine
G
She s my burning desire
G **D** **C**
She mystifies
G
Her loves sets me on fire
D **C**
Oh oh oh,
G
Oh oh oh oh oh

Caught in a fear of embracing
Waiting for the beauty to arrive
All of the fears that youâ€™re facing
Sweet child sweet child
No one can stop us from reaching
Who says the Innocent survive
One more step into nowhere
Goodbye

Ref:

She danced like serpentine
She s my burning desire
She s mystifies
Her loves lifting me higher than high
No one can stand in our way
Nothing can stop us on this day
I ve never felt like this way
Can t let you slip away
Oh oh, Oh oh oh
Can t let you slip away
Oh, oh, Oh oh oh
Can t let you slip away
Oh oh, Oh oh oh
She danced like serpentine
She s my only desire
She mystifies
Her loves taking me higher
