

I Know How He Feels

Reba McEntire

A **D**
When I heard that familiar voice
A **D**
My heart stopped dead in it s tracks
A **D**
Across the room I could see him there
E **D**
A ghost from my past
E **A** **D**
But he s too caught up to notice me
E **A** **D**
She must be his new love
E **D**
I never dreamed that it would hurt this much
E
It s just

D
I know how he feels
E
How warm his touch is
A
Oh how he feels
D
How soft his kiss is
E
And it cuts right down to the bone
A **E** **D**
cause I let him go
D
I know how he cares
E
How strong his love can be
A **E** **D**
When he believes it s real
E
Oh I ve been there
A **E** **D** **A** **E** **D**
I know how he feels

A **D**
As long as I kept him out of site
A **D**
I kept from going out of my mind
A **D**
Tried to believe that leavin him
E **D**

was some how justified

E **A** **D**

But tonight there s no denying

E **A** **D**

What a love like his is worth

E **D**

He once looked at me the way he s looking at her

E

What a lucky girl

D

I know how he feels

E

How warm his touch is

A

Oh how he feels

D

How soft his kiss is

E

And it cuts right down to the bone

A **E** **D**

cause I let him go

D

I know how he cares

E

How strong his love can be

A **E** **D**

When he believes it s real

E

Oh I ve been there

A **E** **D**

I know how he feels

E

And it s killin me

A **E** **D**

Oh I know how he feels
