Well, you can hear me on the radio

You wanna turn me on, turn on your stereo

D

You can sing along, while theyâ€™™re playinâ€™™ our song

Let me tell you where to go, turn on the radio

This is my interpretation of the song and is what I hear. Since U-G doesn't always include the correct chord voicings, I have included all of them in this transcription. Please feel free to experiment with your own chord voicings.
