**E** This is my moment, my moment  
**A**

**B**  
It s my time, flying high, lime, mine

**A**

**B**  
I ve waited for so long

**E** But now everybody knows this is my moment, my moment  
**A**

**B**  
It s my time, flying high, lime, mine

**E** Feels like my moment, my moment  
**A**

**B**  
I ve waited for so long

**E**

(It s the same chord as the verse and chorus)

[Verse 2]

You knew it all along, I was afraid of you  
I thought I couldn't be myself  
You tried to be my friend  
But I wouldn't let you  
Remember what you said  
Don't miss out on your chance  
Your life is in your hands  
So take it just as far as you can  
But trusting in yourself, forget everyone else

Believe...

[Chorus]

This is my moment, my moment  
It's my time, flying high, lime, mine  
Feels like my moment, my moment  
I've waited for so long  
But now everybody knows this is my moment, my moment

It's my time, flying high, lime, mine  
Feels like my moment, my moment  
I've waited for so long  
But now everybody knows

[Bridge]

**A** **F#m**  
Haters, said I'll see you later  
**C#m**  
Can't talk to you right now  
**B**  
I'm getting my paper  
**A**  
Said I'm doing big things  
**F#m**  
Things you never dreamed of  
**B**  
I hope you are happy cause I'm bout to blow up

[Chorus]

This is my moment, my moment  
It's my time, flying high, lime, mine  
Feels like my moment, my moment  
I've waited for so long  
But now everybody knows this is my moment, my moment

It's my time, flying high, lime, mine  
Feels like my moment, my moment  
I've waited for so long  
But now everybody knows this is my moment, my moment
