A-D 4x

A D
Sometimes at the edge of sight
A D
Something moves which isn't there
A D
You turn to look but it's gone, it's gone
A D
Was it ever really there
A
Yet it touches you
E
Softly touches you
D E
And then begins again

A D
That scent of roses
A D
The sound of sea
A
A breath of wind on your face

A
They take you back
E
They take you there
D
To that place long ago
A
And you want so much
E
To hear those words
D
To feel that touch

A D
But you can't go back
A D
No you can't go back

A D

Living in the moment

A **D**

Is dangerous and blind

A **D**

But if you look back, too many times

A **D**

The shapes distort, and unwind

A

But they touched you

E

Softly touched you

D

And then it begins again
