

Take The Rain Away
Rebecca Lavelle

Hallo,
When I saw that there aren't any tabs of this song, I submit it.
Capo on the 5th
But I've only found the tabs to the chorus, sorry!

1st Verse

Give me consolation
Let me walk out of the storm
Don't want to live in darkness
Oh, let me be transformed
And let me find redemption
Oh please let there be peace
Make the trouble go away
Make the yearning cease

Chorus

C **G** **Em** **D**
Take the rain away, (take the rain away)

C **G**

Give me hope, give me love

Em **D**
Make it sweet from above

C **G** **Em** **D**

Take the rain away, (oh take the rain away)

C **G**

Give me grace, give me heart

Take the rain away

2nd Verse

Oh give me back the courage
And give me back the faith
To believe there's more than this
Let me control my fate

Chorus

Take the rain away, (take the rain away)
Give me hope, give me love
Make it sweet from above
Take the rain away, (oh take the rain away)
Give me grace, give me heart
Take the rain away

Bridge

Some things are eternal
Some things pass away
But the light which comes
When the night is gone
Is not just called the day
Sometimes pain is useless
And sometimes pain is brief
But the fragile hope
That allays the loss
Is another word for peace

Chorus

Take the rain away, (take the rain away)
Give me hope, give me love
Make it sweet from above
Take the rain away, (oh take the rain away)
Give me grace, give me heart
Take the rain away
