Yeah  
Yeayah

A6/F#  
Next thing i knew we were in deep  
A6/F#  
Hold on to me, cause babe i'm bout to leave  
E  
She said it never felt so right  
C#5  
As the time went by  
A6/F#  
And i was off in the night  
A6/F#  
She said i don't cry, tonight i cried twice  
A6/F#  
The thought of you not by my side  
E  
And i find you the on the emotional type  
C#5

Hold on to me, we can hold on for life  
 A6/F#  
 Tell me how you feel when i say this,  
 A6/F#  
 Our destination is place-less  
 E  
 I never understood what it meant when  
 C#5  
 I said the three words that some people dread  
 A6/F#  
 That's about as real as it gets  
 A6/F#  
 I never hold back with my love and intent  
 E  
 Finally figured out what it meant  
 C#5  
 Now there's a spark in my heart times ten

A6/F#  
 Everyday

A6/F#

Eight days a week was the song that i'd play  
 E  
 Eight times for me and eight times for the sake  
 C#5  
 Eight times for love and eight times for the way  
 A6/F#  
 That i can remember those days  
 A6/F#  
 You and every minute wasn't all so strange  
 E  
 See you in the spring when the patience pays  
 C#5 A6/F#  
 I'm strugglin' but hustlin' and lovin' it, always.

Yeah yeah

A6/F#  
 I wrote to her eighty-five times  
 A6/F#  
 Sometimes for her, but sometimes for my  
 E  
 Simple collection of lies  
 C#5  
 Sometimes to find the way up in a rhyme  
 A6/F#  
 I woke up one morning to find  
 A6/F#  
 It was her first name on a billboard sign  
 E  
 I smiled and said damn what a trip  
 C#5  
 I was just yesterday i had a kiss for her lips  
 A6/F#  
 Usually i don't make much of this  
 A6/F#  
 A sign's a sign it doesn't change it a bit  
 E  
 I choose to stay calm in my sleep  
 C#5  
 Seeing the prize on april nineteenth  
 A6/F#  
 That was then, i was down to a week  
 A6/F#  
 Longest seven days of my life so to speak  
 E  
 I sip up my tea so sweet  
 C#5  
 And my head thirsts the girl i've been dying to see  
  
 A6/F#  
 So, everyday  
  
 A6/F#  
 Eight days a week was the song that i'd play  
 E  
 Eight times for me and eight times for the sake

C#5

Eight times for love and eight times for the way

A6/F#

That i can remember those days

A6/F#

You and every minute wasn't all so strange

R

See you in the spring when the patience pays

C#5

A6/F#

I'm strugglin' but hustlin' and lovin' it, always.
