

One More Time
Reckless Love

It s not perfect, but it s pretty much there
Capo 4, but I prefer to play it without, because it fits my voice range better,
but

Hey! Now there's an open road
Baby I ve got to go cause I ve been here for far too long
We had our good times I know but baby I m gettin old
And the winters are far too cold for rock n roll

G C G C G---

We were never the perfect couple
We were never nothin but trouble
We gotta do it one more time

C G F G x2

One night together
One more time, one crazy ride
One more time, on one another
One more time we say goodbye

Am7 C F G F G C

I can t stay with you forever
Baby you re the best fun that I ve had
So one more time one night together
Make it mad!

Now it s the time to leave, didn t we both agree
There s a lot more for us to do and the world to see (Yeah, didn t we?!)
Free, the feeling of great relief when I hear the sound of my wheels
I ve set myself free again back on the streets

G C G C G---

We were never the perfect couple
We were never nothin but trouble
We gotta do it one more time
