

**One More Time**  
**Reckless Love**

It s not perfect, but it s pretty much there  
Capo 4, but I prefer to play it without, because it fits my voice range better,  
but  
whatever works for you! :)

Hey! Now thereâ€™s an open road  
Baby I ve got to go cause I ve been here for far too long  
We had our good times I know but baby I m gettin old  
And the winters are far too cold for rock n roll

**G C G C G---**

We were never the perfect couple  
We were never nothin but trouble  
We gotta do it one more time

**C G F G x2**

One night together  
One more time, one crazy ride  
One more time, on one another  
One more time we say goodbye

**Am7 C F G F G C**

I can t stay with you forever  
Baby you re the best fun that I ve had  
So one more time one night together  
Make it mad!

**C G Am F x2**

Now it s the time to leave, didn t we both agree  
There s a lot more for us to do and the world to see (Yeah, didn t we?!)  
Free, the feeling of great relief when I hear the sound of my wheels  
I ve set myself free again back on the streets

**G C G C G---**

We were never the perfect couple  
We were never nothin but trouble  
We gotta do it one more time

**C G F G x2**

One night together  
One more time, One crazy ride  
One more time , On one another  
One more time we say goodbye

**Am7 C F G F G C**

I can t stay with you forever
