Verse 1

B

Nothing is forever

F#m

And good things never last

E

And learning in the future

F#m

Is based on lessons from the past

B

Thought we were Gold in the Fire

F#m

And we could not be burned

E

Until you lost your desire

F#m

And I melted to learn

Pre-Chorus

C#m

E

B

F#m

Thought I could stop you from changing shape

C#m

E

B

But two people cannot believe on one mans faith

Chorus

And your love is was

F#m

An hourglass

E

What I thought Iâ€™d found

Was too good to last

B

And your love it was

F#m

A promise made

E

But our lock and key

F#m

Held a broken chain

C#M

E

And now when I see you

B

F#m

I just donâ€™t understand

C#m

E

All that I needed from you then

B

F#m

Has now become all the time on my hands

Verse 2

Pre-Chorus

And when you finally spoke the words that broke my heart

I couldnâ€™t blame you too much when I knew from the start

That your love, it was...
