D C Am Em
If I die before i get it done,
G
will you decide.

D C
Take my words and turn them
Am Em G
into signs that will survive.

D C
Because a long time ago,
Am Em G
I knew not to deprive.

D C Am Em
It s safe out there and now you re everywhere,
G
just like the skies.

D C Am Em
You are love you are the love supreme
G
You are the rise.

D C
And when you hear this,
Am Em
You ll know its your jam,
G
It s your goodbye.

Refrão:

G
Like I said
C
you know I m almost dead,
Em
you know I m almost gone.
G
and when the drummer drums,
C

he s going to play my song,
Em
to carry me along.

G
Like I said
C
you know I m almost dead,
Em
you know I m almost gone.
G
and when the boatman comes
C
to ferry me away,
Em
to where we all belong.

D C Am Em
We all crossed, when we were feeling lost,
G
it s just the tide.

D C Am Em
Katari cried, the day her lover died,
G
she recognized.

D C
Because he gave her,
Am Em
a life of real love,
G
it s no surprise.

D C
The nights are long,
Am Em
but the years are short,
G
when you re alive.

D C Am Em
way back when, would never be again,
G
it was a time.

D C
it s gonna catch you,
Am Em
so glad i met you,
G
to walk a line.
