(very quickly now, the guitar and bass plays:

G|-----

D|----- When the guitar plays the 6th fret (the Bb note), it also plays

A|-5p0-7--- a power chord on it and therefore from that note the guitar

E|-----6- plays a series of chords that go: Bb5 G5 G5/Bb F5 C5 Bb5

Cool solo part: A5 F A5 F G5 F A

all I just did here was to write down the rhythm chords, I have and will not do the solo (as little as it may seem). If you listen to the album, you can figure out how these chords come in. The G5/Bb part is when the guitar slides from G5 to Bb5. Listen and you shall hear, my child. Anyway, the rest goes something like this:
