(very quickly now, the guitar and bass plays:

G|-----
 D|----- When the guitar plays the 6th fret (the Bb note), it also plays
 A|-5p0-7--- a power chord on it and therefore from that note the guitar
 E|-----6- plays a series of chords that go: Bb5 G5 G5/Bb F5 C5 Bb5

Cool solo part: A5 F A5 F G5 F A
 all I just did here was to write down the rhythm chords, I have and will not
 do the solo (as little as it may seem). If you listen to the album, you can
 figure out how these chords come in. The G5/Bb part is when the guitar
 slides from G5 to Bb5. Listen and you shall hear, my child. Anyway, the
 rest goes something like this:

D5 C5
 If you see me getting mighty
 D5 C5
