

Savior

Red Hot Chili Peppers

(Dm C G)

Dusting off your savior
You were always my favorite
Always my man-?..All in a hand
To celebrate you is greater

E7/9

Now that I can-??..always my man
(Dm C G)

Now you see what I came for
No one here is to blame for
Misunderstand- All in a hand
Just like you cause you make me

E7/9

All that I am- All in a h??..and

(dedilhado)

A butterfly that flaps its wings
Affecting almost everything
The more I hear the orchestra
The more I have something to bring
And now I see you in a beautiful
And different light
He's just a man and any damaging done
Will be all right
Call out my name
Call and I came

(Dm C G)

Dusting of your savior
Forgiving your behavior
Hes just a man-All in a hand
Your heros designated to waver

E7/9

Anyone can-Always my man
(Dm C G)
I would never betray you
Look at me who could raise you
Face in the sand-Safe in your hand
You were always my favorite

(dedilhado slow)

E7/9

Always my man-All in a hand

(dedilhado)

And we're loving up the me nots
The flowers in your flower pot
Are dancing on your table tops

And now I see you in a beautiful
And different light
He's just a man and everything he does
Will be all right
Call out my name
Call and I came

(Dm C G)

Dusting off your savior
The life you have narrated
You were my man
