

The Getaway
Red Hot Chili Peppers

Am
That s right you re right
Em **G**
We will do our thing tonight alright

Take me through the future
Am
It s time you re fine
Em **G**
Just another color coded crime

Incision and a suture

You told my friend
Em **G**
We would get it on no matter when

A supercavitation
Am
Let s go you show
Em **G**
Me something no one will ever know

A love hallucination

[Chorus]
F
Another lonely superstar
C
To get away inside your car
Dm
Take it much too far

F
Surrender to the brave inside
C
A lover that another tried
Dm
Take it, too my ride

F **C** **Dm**
You don t have to keep it if it s mine

(Another lonely superstar to getaway inside your car)

Another place maybe another time
