

## Breathe Into Me

RED

\*NOTE: I WOULD PREFER THAT YOU USE THESE CHORDS WHEN YOUR SINGING IT. NOT WITH THE SONG. IN MY OPINION, IT SOUNDS BETTER. DO WHATEVER YOU THINK IS BEST.\*

Intro: **Am Em D Em** (x2)

**Am**

And this is how it feels when I

**Em**

ignore the words you spoke to me

**D**

And this is where I lose myself

**Em**

when I keep running away from you

**Am**

And this is who I am when,

**Em**

when I don t know myself anymore

**D**

And this is what I choose when

**Em**

it s all left up to me

**Am**

Breathe your life into me

**Em**

I can feel you

**D**

I m falling, falling faster

**Em**

Breathe your life into me

**Am**

I still need you

**Em**

I m falling, falling

**D**

Breathe into me

**Am**

And this is how it looks when

**Em**

I am standing on the edge

**D**

And this is how I break apart

**Em**

when I finally hit the ground

**Am**

And this is how it hurts when I

**Em**

pretend I don't feel any pain

**D**

And this is how I disappear

**Em**

when I throw myself away

**Am**

Breathe your life into me

**Em**

I can feel you

**D**

I'm falling, falling faster

**Em**

Breathe your life into me

**Am**

I still need you

**Em**

I'm falling, falling

**D**

Breathe into me

And just repeat the verse til the end.

Hope this helped:)
