

Chorus:

**Am**            **C**  
And it finds me  
          **F**                            **Dm**  
The fight inside is coursing through my veins  
**A**            **C**  
And it s raging  
          **F**                            **Gm**  
The fight inside is hurting me again  
**Am**            **C**  
And it finds me  
          **F**                            **Dm**  
The war within me pulls me under  
**A**            **C**  
And without You  
          **F**                            **Gm**  
The fight inside is breaking me again
