[Verse 1]

F Am C Dm F
I know you, who are you now? Look into my eyes if you can t remember

Am G
Do you remember? Oh

F Am C Dm F
I can see, I can still find, You re the only voice my heart can recognize

Am G
But I can t hear you now, yeah

[Chorus]

F Dm C
I ll never be the same, I m caught inside the memories, The promises

G F Dm
Our yesterdays, When I belonged to you, I just can t walk away

C G
Cause after loving you, I can never be the same

[Post-Chorus]

F Am C Dm F
And how can I pretend I never knew you?

Am G
Like it was all a dream, no

[Verse 2]

F Am C Dm F
I know, I ll never forget, The way I always felt with you beside me

Am G
And how you loved me then, yeah

[Bridge]

Am **C**
You led me here, But then I watched you disappear

Dm **F** **G** **Am**
You left this emptiness inside and I can't turn back time

Am **C** **Dm**
No, stay, Nothing compares to you, Nothing compares to you

F **G** **Am** **C** **D** **F** **F** **G** **G**
I can't let you go, Can't let you go, I can't let you...
