

Old Man
Redlight King

OLD MAN

D

He didnt have much

F

A pair of hard working hands

C

Everything that I needed

G

I got it from the old man

D

With a nine second dream

F

He drove the Redlight Bandit

C

And the grease on his hands

F

Was the way he commanded

D

And the life he demanded

F

It kept us all in a struggle

C

When he ruled with his fist

G

It kept us all out of trouble

D

Even though he would leave

F

He wore his heart on his sleeve

C

And by the way that he walked

F

He taught me how to believe

D **Am7**

Old man look at my life

Em7 **G**

Take a look, take a look

D **Am7**

Old man look at my life

Em7 **G**

cause Iâ€™m a lot like you

D
Growinâ€™ up at the track
F
He had a reason for being fast
C
His heart felt like breaking
G
Heâ€™d look right up at the ceiling and
D
Start again,
F
never breathe a word of his loss
C
Cause itâ€™s not about winning
G
Itâ€™s the rivers you cross
D
And the pain that you feel
F
Could be the fuel that you use
C
And if youâ€™re in need of direction
G
Be it the path that you choose
D
My old man is a legend
F
He cast a shadow so great
C
I think of how he is watchinâ€™
G
With every move that I make

D Am7
Old man look at my life
Em7 G
Take a look, take a look
D Am7
Old man look at my life
Em7 G

F C D
cause Iâ€™m a lot like you

Now thereâ€™s no slowinâ€™ down
Thereâ€™s only settinâ€™ the pace
No more dreams to be stolen
Just the right ones to chase
Youâ€™ve been through the worst
Now you know who to trust
Leave them something behind
Before the ashes and dust

Old man look at my life
Old man look at my life
Old man, old man take a look at my life
cause Iâ€™m a lot like you
Old man, old man take a look at my life
cause Iâ€™m a lot like you
Old man, old man take a look at my life
Take a look, take a look
Old man, old man take a look at my life
