album: Cheer Up!

I love this song. Classic rock all the way.
I didn't even try to figure out the solos, but I think improvisation
would work just fine for those.

I did figure out the rest of the song though:

E1 is a low E power chord (root note: open E string)
E2 is a high E power chord (root note: 7th fret, A string)

intro/verse/chorus:

p.m.

E1	E1	E2		D			C#		D			A		G			
1	+	2	+	3	+	4	+		1	+	2	+	3	+	4	+	

at the end of each verse strum an E1

Easy enough. I figured it out in 10 seconds, so it should be pretty
easy to learn.
